

SENIOR DATA ANALYST

(Payclass 10; Permanent)

DataFirst

Faculty of Commerce

DataFirst is a Data Service based at the University of Cape Town, South Africa. We give researchers online access to African data and support them to analyse the data. We operate the only secure Remote Access Data Enclave in Africa to share sensitive data for research. We require a Senior Data Analyst to be responsible for administering the data and data users in the Enclave, to liaise with Enclave depositors and service providers, and to train junior staff. We are looking for someone with strong quantitative and analytical skills as well as the ability to write clearly and show attention to detail. The incumbent should have experience working with survey data, as well as training and mentoring experience. They should show a talent for innovation and ongoing learning. This is a full-time permanent position contingent on ongoing funding.
